

# FLOODS DO DAMAGE NORTH AND SOUTH

## CALIFORNIAN CHAMPION SPRINTER

G. L. Parker, Known Here, Wins 220-Yard at Melbourne.

Americans Score Victories and One Tie in World Contests.

MELBOURNE, Australia, Jan. 26.—American athletes scored three victories and one tie in the track events at the championship meeting of the Australian Amateur Association.

George L. Parker, the California sprinter, well known in Berkeley and at Stanford, won the 220-yard flat championship in 22 1/2 seconds and the 440-yard flat championship in 61 2-5 seconds.

James Powers of the Boston Athletic Association won the mile championship in 4 minutes 25 4-5 seconds.

The pole vault championship was a tie between Ruric Templeton of the Olympic Club, San Francisco, and Blake of Victoria, Australia.

## Wealthy Real Estate Owner Drowns

LOS ANGELES, Jan. 26.—Hugh S. Havens, a wealthy real estate owner of Chicago, was drowned in a mountain stream last night near Monrovia. Havens was trying to ford the stream, which had been swollen by the rain-storm, and stepped into a sink. His body was recovered today.

## WOULD MAKE LICENSE LEGALIZED VESTED RIGHT

Distillers' and Liquor Dealers' Plan Leaves No Middle Ground

Louisville, Ky., Jan. 20, 1914. Editor TRIBUNE: In a recent issue of THE TRIBUNE you print an editorial in which you say of the liquor business:

"Men who run their places decently put their business in peril by standing up for the man who runs his place indecently and continuously violates the law. It is this attitude of the liquor men in general that creates prohibition sentiment and gives color to the assertion of prohibitionists that the only way to reform the saloon is to abolish it."

"You argue that the decent men engaged in the liquor business cannot afford to be identified with the law-breaking and the law-defying saloon-keeper and you are correct in your views."

The National Model License League, made up of leading distillers, brewers, wholesale and retail liquor dealers and others who have given the subject serious consideration, would eliminate the law-breaking liquor dealer by providing regulations that would take the question out of politics. A license once issued should carry with it the right of renewal so long as the holder obeys the law and so long as the community in which it is issued does not vote "no-license." The dealer who violates the law should have his license suspended for 30 days upon first conviction for violation of law, and his license should be revoked permanently upon second conviction.

There is no doubt that the law-breaking dealer does more to create antipathy to the liquor business than any other cause. Those who disobey the law should be put out of business. It must occur to every sensible man and woman in California, for instance, that the movement for "no-license" prohibition is unreasonable, unjust and absurd, but there is no reason for those engaged in the liquor business giving encouragement to those who would force prohibition upon the people.

T. M. GILMORE, President National Model License League.

(Mr. Gilmore's proposition is ineffective since it leaves no middle ground for conservative men to stand upon. No community could regulate the number of saloons without abolishing all saloons. To grant saloonkeepers the right to renew their licenses unless convicted a second time of violating the law is to make

## CARRANZA PROMISES PEACE

Declares It Will Follow Constitutional Victory

Messages From Nations of Europe Ask for Settlement

CULIACAN, Sinaloa, Mexico, via Nogales, Ariz., Jan. 26.—"At the triumph of the cause of the constitutional order which we represent, peace will be established in my country."

With this brief and characteristic statement through the medium of the Associated Press, General Venustiano Carranza today replied to a flood of messages from peace societies in Europe, which asked for peace in Mexico.

All of these messages, which were received during the last two days, asked for general peace in Mexico, and each contained the Spanish word for peace. They were sent by societies in England, Russia, Belgium, Portugal, Switzerland, Holland and Spain.

This simultaneous action gave rise to much speculation among General Carranza's advisors, and the opinion was expressed freely that it had been brought about by some action of the Huerta government at Mexico City through its agents in Europe. The press alone was used in answering the communications from peace societies.

UPRISING SERIOUS.

MEXICO CITY, Jan. 26.—Additional evidence of the seriousness of the uprising of the Serrano Indians in the State of Puebla is offered by an attack on a train on the Hidalgo railroad between the capital and Necaxa where the light and power plant is located. The train was derailed and communication from peace societies.

## TRAFFIC TIED UP BY STORM COMPLETELY DEMORALIZED

## TOWNS ARE UNDER WATER

Rains Extend Far Into South and Damage Properties

Santa Barbara Cut Off and Santa Clara Inundated

With the tide in the estuary rising higher than ever before in the past six years, with a gale that menaced ships, damaged roofs and even uprooted trees, Oakland last night saw what probably was the most dangerous of the storms which have swept over the bay region in the past few days. The rain fell in torrents and the wind tied up shipping in the estuary and on the bay. Piles were damaged by the high tide which swept into the estuary and ships were close-

ly anchored for fear of trouble.

A heavy wind started last night shortly after 7 o'clock. It blew at a heavy rate outside of the heads and swept over the hills to work havoc in Oakland. At the corner of Eleventh and Mission streets one of the old trees surrounding the former Chabot home crashed across the street, uprooting the sidewalk in its fall and blocking the entire street. This is one of the trees which have guarded the house for fifty years and was one of the landmarks of the city.

Floods of muddy water are pouring into the bay from the Sacramento river, which has risen to an alarming height under the rains. Gangs of workmen are at work on the levees and several dikes to a break have been dispatched to the places threatened.

A heavy rain last night added to the near-flood state of Lake Chabot, which is almost overflowing. The story sewers of Oakland proved adequate to carry away the local flow.

STORM IS SEVERE.

A storm which is termed by the weather bureau "the worst of the season"—which means something in a season that has broken many heavy weather precedents already swept the length and breadth of California last night, and water pouring down into the lowlands today filled every stream to the brim. Indeed, some of the streams, the channels of which are not deep between rocky walls, ran over and spread over tiled soil or made canyons of city streets.

In valleys where rivers are held by levees great apprehension is felt for the safety of property, although there seemed to be no particular menace to human lives. A few breaks in levees were reported from both the Sacramento and San Joaquin valleys, but in general the man-made river banks seemed to be standing the test, with the assistance of emergency gangs of men who bolstered up the weak places with earth, brush and bags of sand.

The weather forecaster at San Francisco, after consulting his sources of information that he could reach up and down the state, said that more rain and high winds might be expected.

SHIPPING DELAYED.

On the ocean the seas were running so high as to be a hindrance to shipping. Although the wind at sea died from a hurricane to a brisk breeze, mountainous waves kept coastwise shipping in the harbor and drove vessels at sea to seek ports of shelter. The oil fleet that usually sails from San Francisco Monday and even foreign shipping delayed putting out.

BEACH WAVE-SWEPT.

In San Francisco the heavy surf and high tide further threatened the chalet and cut away a large part of the boulevard below the Cliff House. The damage was considerable. Near-

## COMMERCIAL CLUB OPPOSES UNMERGER

Passes a Resolution of Protest Against C. and S. P. Separation.

Protesting that the proposed unmerger of the Central and Southern Pacific railroads...

business interests of the board of directors of the Oakland Commercial Club, at a special session held this noon at the club headquarters in the Hotel Oakland, passed a resolution placing the organization on record as opposed to the move.

Fourteen directors attended the session, which was presided over by President Harmon Bell. The club's stand is set forth in the official announcement, which is as follows:

"The Oakland Commercial Club is very decidedly of the opinion that the proposed separation of the Central Pacific railroad and the Southern Pacific railroad will work great injury to the business interests of California. We sincerely trust that the government will adopt these views."

These two systems have been developed by a series of acts and a plan at a map showing the recent segregation makes it evident that the separation of the two lines would result in a case of railroad hark-kart.

## S. California Gas Co. Files 14-Cent Rate

SAN FRANCISCO, Jan. 26.—Following the example of the Midway Gas Company, the Southern California Gas Company filed a 14-cent rate for Los Angeles with the state railroad commission today. This is a reduction from 13 cents per 1000 cubic feet, as ordered by the commission some days ago. The two companies asked for a rehearing, which was denied Friday. The Midway Company filed its new rates Saturday. The rates become effective at once.

## Frisco R. R. Report Sent to Congress

WASHINGTON, Jan. 26.—The Interstate commerce commission's report of its investigation of the Frisco railroad system receivership, made in response to a Senate resolution, was sent to Congress today, with a review of the facts, saying the Senate resolutions "do not call for expressions of opinions or recommendations."

## Says Ball Players Will All Be on Hand

TAMPA, Fla., Jan. 26.—Johnny Evers, manager of the Chicago Federal League team, said today that all his players would be here by February 20, despite Joe Tinker's activity in behalf of the Chicago Federal League team.

## FIVE DIE IN RAILROAD WRECK

Michigan Central Passenger Train Collides Head-On

Score Wounded; More Dead May Be Found in Debris

JACKSON, Mich., Jan. 26.—Five persons were killed and possibly a score were injured last night when a Michigan Central passenger train collided head-on with a freight train about three miles outside the city.

The baggage car and one coach of the passenger train were telescoped and several passengers in the coach were killed or injured.

Several of the wounded were brought to hospitals here on an interurban car, the line of which parallels the Michigan Central tracks at that point. Owing to the darkness the work of rescue was slow and difficult. Two hours after the collision a number of the passengers were still in the wreckage and it was believed some of these also might be dead.

Access to the wrecked coach—it was the smoker—was obstructed by the walls of the baggage car, which completely encased it. Inside this trap could be seen from a dozen to a score of passengers. Some of them were making and shrieking for aid, while others lay still, evidently dead.

The wreck apparently resulted from a misunderstanding of orders. The freight, it is said, was supposed to take a siding to allow the passenger train to pass. The collision occurred a quarter of a mile beyond the switch.

## Moyer and 6 Others to Face Conspiracy Charges

BOUGHTON, Mich., Jan. 26.—Charles H. Moyer, president of the Western Federation of Miners, and six other leaders are expected to come to trial today charged with conspiracy charges.

O. N. Hilton of Denver, attorney for the federation, sent word yesterday that union officials would return voluntarily to answer indictments returned against them two weeks ago by a special grand jury investigating disorders arising from the strike of the copper miners. As the indictments did not charge a felony the men could not be extradited.

Thirty-one strikers who were indicted at the same time on similar charges were prepared to enter pleas today.

## Old Cruiser Brooklyn Again in Commission

PHILADELPHIA, Jan. 26.—The old armored cruiser Brooklyn, which was the flagship of Rear Admiral Schley at the battle of Santiago, went into commission at the Philadelphia navy yard today. After an illness of more than ten years the historic vessel has undergone a number of important changes and has been completely remodeled. The Scotch boilers have been replaced with the water tube type, her engines have been overhauled and all the guns have been remounted on modern electrically controlled carriages.

The Brooklyn, when fully commissioned, will carry a crew of 550 officers and men, but for the present only a skeleton crew will man the vessel.

## Postpone 'Good-Will' Excursion to L. A.

An excursion of 100 business and professional men of Oakland and San Francisco, which was to have been made to Los Angeles tonight by special train, was postponed today on account of washouts south of here that have tied up rail traffic. The purpose of the excursion was to renew expressions of good feeling between the two biggest cities of the state and at the same time to visit a grand stand at the Panama-Pacific Exposition.

## 21,104 Register in Alameda County; One-Third Women

Including the figures of Saturday, the registration in Alameda county to date totals 21,104 persons. Of this number one-third are as follows: Republican, 8,190; Progressive, 9,732; Democrat, 3,284; Socialist, 1,002; Prohibition, 247; Independent, 91; no affiliation, 500.

## STRICT MONOPOLY ONLY IS BARRED

Wilson Plans No Sweeping Prohibition of Holding Concerns

WASHINGTON, Jan. 26.—Nothing in President Wilson's trust program against holding companies will be intended to bar anything "that is not in nature and spirit a monopoly," President Wilson indicated this.

He pointed out that a sweeping prohibition of holding companies would naturally affect concerns which had been required to organize subsidiary companies to comply with certain state laws.

The President let it be known that where such a business was being carried on by practically the same corporation there would be no restriction on it.

The purpose of the administration would be, he said, to let things down that grew naturally and legitimately with respect to the proposed interstate trade commission. The President cleared up various impressions of it by saying it would not be an administrative body, but one of publicity and information. He said it would have no possible conflict with any one department of the government because it would not have the right to act in the field of any other constituted authority.

## Shippers May Pre-Ice Fruits, Court Decision

WASHINGTON, Jan. 26.—The interstate commerce commission's order requiring transcontinental railroads to permit California orange shippers to pre-ice and pre-cool their fruit going to eastern cities and limiting the charge for the use of the cars during the pre-icing season to 25¢, was upheld today by the supreme court.

## Million Bequeathed For World Peace Work

BOSTON, Jan. 26.—The continuance of the work of the world peace foundation, established by Edwin Ginn in 1910, is assured by a provision of the will of the late Mr. Ginn, who had contributed \$1,000,000 annually for the support of the foundation, bequeathed \$1,000,000 for the same purpose, the income to be administered by the trustees of the foundation.

## BEAT OFFICER AND STEAL HANDCUFFS

Arrest Culprits With Drawn Revolvers After Flight

SAN FRANCISCO, Jan. 26.—The efforts of Patrolman Jack Spelner to arrest Giuseppe Garosa, a cook, at 2:30 this morning, in front of his flat at 1815 Powell street, resulted in the severe beating of an officer, the escape of the culprit and a man who came to his rescue and the final capture of both after the alleged theft of handcuffs and mackintosh belonging to the police.

The man fought like a tiger and special policeman Flynn went to his brother officer's rescue. He drew his handcuffs from his pocket and was trying to place them on Garosa's wrist, when the latter's chum, Giuseppe Calli, rushed out of the flat at 1815 Powell street, where both men live. Seeing Flynn's handcuffs he brought them down on the officer's scalp, laying him low. Then he turned and aided Garosa in subduing Spelner, whose nearest wound torn from his back in the melee. Both men then escaped, ran into the house and locked the door. With revolvers drawn the police forced an entrance and took them into custody.

## Former Schoolmates in Sweden Will Wed Here

After an extensive trip to northern Sweden, Miss Held Naas, a former resident of this city, will return here to the home of her brother, where she will wed Gustav Gohlin, who was her playmate and a lifelong friend.

The couple met recently when Miss Naas visited her native country. There they were reintroduced and Gohlin recognized Miss Naas as his schoolmate. The ceremony was held last Friday with her fiancé on the White Star liner Cedric, and they are expected to reach Oakland soon.

## Unidentified Ship Signals Distress

WASHINGTON, Jan. 26.—An unidentified vessel is in distress off Frying Pan Shoal, and the revenue cutter Seminole has gone to assist her, according to a wireless message today to Acting Commandant Emery of the revenue cutter service.

## CARRANZA WANTS NATIONAL PEACE

Mexican Leader Has Word to  
Say in Favor of Settle-  
ment of Troubles.

(Continued From Page 1)

passengers robbed of their lives. The rebels were led by Esteban Marquis, a protégé of General Juan Francisco Lopez, the patriarch of the Serranos. The passengers were convinced that in that region there are at least 2500 well armed and well organized rebels. They declare that 450 men of the Fifth Regiment who were recently sent against the rebels have been killed.

The department of war announced today that decorations would be conferred on General Pascual Orozco and General Marcelino Caraveo, who are said to have reached Torreon from Ojinaca.

**HUERTA REGIME DECAYS.**  
WASHINGTON, Jan. 26.—President Wilson characterized today as "interesting fiction" published reports that instructions were sent to Rear Admiral Cervera and his marines at Vera Cruz and keep open the road to Mexico City in case the Huerta administration collapsed. From the White House point of view the situation in Mexico is slowly changing and the Huerta government is undergoing a "natural decay."

There is no particular development or critical situation in the Mexican problem or any other foreign question, the President explained today, which has compelled him to call the foreign relations committee into consultation.

It was learned incidentally that the question of a new treaty with Russia has not been broached by either country and that the subject probably would await the arrival in St. Petersburg of a new American ambassador. The President also expects to talk over with the senators the unratified arbitration treaties with Japan and the Japanese alien land controversy.

It was learned in that connection that although the question of a new treaty with Japan has been discussed informally, no formal suggestion has come from Japan.

**FORTY REBELS SLAIN.**  
MEXICO CITY, Jan. 26.—Forty rebels have been killed in the fighting along the Guatemalan line, according to advices from the city. The rebels are believed to have been some of Castillo's men.

## PAY LARGE SUM FOR PROTECTION OF TRACKS

SAN FRANCISCO, Jan. 26.—How the small items in a large organization can be large sums is well illustrated by the amount the Southern Pacific has expended for empty sacks to hold sand used in protecting levees along the right of way. I. O. Rhoades, general purchasing agent of the railroad, the other day placed a single order for a quarter of a million of them, for which he paid almost ten thousand dollars. It can only be estimated how much more it would cost to fill them with sand, after distributing, and to place them where they might be needed.

The Southern Pacific is always prepared in advance for stormy weather. Steam shovels, track material, timbers, and section gangs are kept at convenient points to be rushed out in a case of emergency. The efficiency of this arrangement was evident during the last rains, when the tracks were amply protected and trains kept running with a minimum of delay. It is during rainy seasons that one realizes the economy of the Southern Pacific's having spent millions in rock ballast, heavy steel rails and steel bridges, and the some of the factors that won for the company the Harriman memorial medal for safety.

## Tired Blood

That which is lacking in vitality, not possibly give proper nourishment and strength it must be fortified, built up and vitalized by **DR. CARRANZA'S**

## VALLEYS FLOODED AND NO RELIEF APPEARS IN SIGHT

Storm Worst That Has Occurred in State's  
History and Covers Wider Area

(Continued From Page 1)

By 50,000 persons visited the beach during the storm yesterday and watched the growth process.

**HIT BY LIGHTNING.**  
Lightning struck the Terminal station at the county line shortly after 8 o'clock last night, starting a fire which was extinguished with difficulty by occupants of the place and the Alameda fire department. In the station at the time were Thomas Desmond, Arthur Toivach and several customers. They were suddenly startled by a flash of lightning that had blinded them and a fire was followed immediately by a fire of smoke filling the place. An alarm was sent in by the men to the fire department and before this alarm the fire succeeded in subduing the flames in an interior wall of the building. The fire was

done in different parts of Berkeley, along the road to Richmond, partly raising several of the poles. Awakened from a sound sleep by the thunder-bolt which followed, John J. Mohrman of 1411 San Pablo avenue sprang from his bed and leaped through a window, receiving severe injuries. He was treated at Roosevelt hospital in Berkeley by Dr. J. J. Heston for a severe cut and scratches caused by broken glass. He is expected to recover.

morning considerable damage was done to the building. The fire was done in different parts of Berkeley, along the road to Richmond, partly raising several of the poles. Awakened from a sound sleep by the thunder-bolt which followed, John J. Mohrman of 1411 San Pablo avenue sprang from his bed and leaped through a window, receiving severe injuries. He was treated at Roosevelt hospital in Berkeley by Dr. J. J. Heston for a severe cut and scratches caused by broken glass. He is expected to recover.

**DAMAGE CONSIDERABLE.**  
The damage amounted to several hundred dollars. Despite the force of the wind the rainfall last night and yesterday was less than it had been during several recent days. The rainfall for the twelve hours ending this morning was 1.4 inches. For the 24 hours preceding that it was .55.

**COAST LINE TIED UP.**  
Santa Barbara was last heard from at 5 o'clock last night, when it was reported the water was two feet deep around the Southern Pacific station, the Santa Ynez river and Mission creek flooding the lower part of the town, and the water rising.

The bridge across the Santa river at Falmore, a \$40,000 structure, went out Saturday. Sausalito and Mojave reported floods and washouts. Several days ago the Southern Pacific's San Bernardino tunnel was closed for repairs as dirt was beginning to fall from the roof. More than a hundred extra men were put to work there yesterday so that the tunnel might not be destroyed.

The Southern Pacific local line from Los Angeles to San Bernardino, and the Santa Fe's direct line were washed out last night so Southern Pacific traffic to San Bernardino was sent over the Salt Lake route.

**HOME SWEPT AWAY.**  
SAN JOSE, Jan. 26.—The home of Mrs. Mary Boyd in this city was swept into the Coyote creek by the undermining of the bank early this morning. The occupants escaped. The creek is running bankfull and is 20 feet deep. Trees lodging against the city bridges are threatening the structures. Guadalupe and Los Gatos creeks, which also run through the city, are surging torrents.

Gilroy is under water. The breaking of a reservoir caused a flood which has only partially subsided. The water was three feet deep in the town. Watsonville is submerged from the river to the center of the town and the residents are using rafts to move some of the goods. The breaking of a reservoir in the hills swept water over a hog ranch and a large number of drowned hogs floated down the Coyote creek to the bay.

The Southern Pacific Company has annulled all trains south of here.

**FLOOD REACHES BAKERSFIELD.**  
BAKERSFIELD, Jan. 26.—A flood which started the Kern river overflowing at Kernville last night reached Bakersfield this morning and now the river is roaring down the valley. A crew of over a hundred men are at work in an attempt to divert the water into channels to keep it away from the main section of the city. It is thought that the heavy rain fall today in the mountains the river will subside by night and the danger will be passed. The river, which has a capacity of 10,000 feet of water which could be carried without danger, now contains about 16,000 feet.

**STREAMS RISE.**  
STOCKTON, Jan. 26.—At 9 o'clock this morning the sun was shining, but the streams in this vicinity are slowly rising. The Stockton channel is a foot higher than at 8 o'clock last night. The diverging canal on the north and east of the city is almost to the banktop and it is feared that an overflow will yet occur. Mormon channel, running through the center of the city, is high, but several feet below the danger mark. A report from Bellota is to the effect that the San Joaquin river at that point registered 15 feet at 8 o'clock. This is 4 1/2 feet lower than last night.

Total rainfall for 24 hours ending at midnight Sunday was 1.15 inches. 6.10 inches for the month and 14.57 inches for the season.

**BRIDGE SAGS.**  
SAN LEANDRO, Jan. 26.—A portion of the Western Pacific bridge over San Leandro creek sagged yesterday when a number of piles were torn loose by limbs of trees borne down by the flood. Traffic over the line was suspended during the afternoon while a breakdown gang repaired the damaged bridge. New piles were set in position and traffic will be resumed over the bridge today. A large portion of the bank over the railroad tracks has been loosened by the flows and threatens to tumble down at any moment. A large crack has appeared in the bank and precautions are being taken against the sliding into the railroad.

**LAND FLOODED.**  
VALLEJO, Jan. 26.—One of the highest tides of the year was experienced here today and as a result most of the marshes north of this city were covered with water and several of the reclaimed islands between this city and Napa were also flooded when the levees gave away.

**BRIDGE COLLAPSES.**  
MERCED, Jan. 26.—Swollen by river under-cut a Southern Pacific trestle seventeen miles south of here, weakening it so badly that it gave way today under the weight of south-bound passenger train No. 50. The

## Coast Rainfall Record

Rainfall during the past twenty-four hours to 5 a. m. today:

Oakland	1.54
Independence, Inyo county	3.65
Los Angeles	2.74
Pasadena	4.22
San Bernardino	2.59
Riverdale	1.49
Redlands	1.50
Red Bluff	.35
Point Reyes	.05
Sacramento	.68
Tamohals	.22
San Jose	.22
Fresno	1.15

was three feet under water. The Southern Pacific lines to San Francisco, both along the coast and into the San Joaquin valley, are out of commission and no attempt is being made to run trains. All southern California is experiencing a heavy rainstorm.

Five inches of rain had fallen at Santa Barbara at 5 o'clock yesterday. All telegraph and telephone lines have been down since darkness yesterday.

Five Southern Pacific washouts were reported at 5 o'clock yesterday afternoon. Several of these were on the coast line, both north and south of the San Francisco bay.

Jojoquin valley traffic has been routed the last few days since the San Bernardino tunnel was closed, put a stop to all valley traffic northward. Several days ago earth began to fall in the San Bernardino tunnel, on the Southern Pacific valley line, and the tunnel was then closed temporarily while repairs were attempted. Yesterday more than a hundred extra men were put to work in the tunnel.

**FIXES BAIL FOR POLICE**  
ABOUT TO BE RELEASED

SAN FRANCISCO, Jan. 26.—Former Police Officer Jack Sullivan, J. L. Drouble, William Joseph and William McHugh, who have been serving a term in the county jail for conspiracy, are to be released on January 29. For that reason Judge Dwyer today ordered bail fixed for the men, with grand jury charges against them. All appeared in court this morning and their cases were continued one week. It is understood that the men will be placed on bonds as soon as the grand jury returns on bonds as soon as their present jail term ends.

**SANTA BARBARA CUT OFF.**  
LOS ANGELES, Jan. 26.—Santa Barbara is cut off from communication with the outside world. Late yesterday the lower part of the town

## QUINTON THREATS TOLD ON STAND

Witnesses in Power Trial Testify to Alleged Utterances by Victim.

Numerous threats made by Charles Quinton against the life of Attorney Thomas J. Power prior to the time that Power shot Quinton at Berkeley on October 21 following a quarrel over alleged intimate relations between Quinton and Mrs. Power were brought out by witnesses called by the defense during the trial in the Superior court this morning. Lenatus Nuttman of San Francisco testified that on the morning of October 21 he had talked with Quinton from 11 o'clock to 1 o'clock. "He wanted to borrow money from me," he said he was going to go across the bay to the market.

"Did he tell you what he was going to do across the bay?" asked Attorney Crosby for the defense. District Attorney Hines entered an objection which was overruled.

"You'd read about it in the papers tomorrow," Quinton was said to have remarked according to the answer of the witness.

Quinton was said to have told him who his victim was to be. Fred Lowrie testified that he had talked with Quinton a week or ten days before the shooting and that Quinton said "there were two men in the county jail who were going to be hanged. One is the man who killed my wife, and the other is Tom Power, he'll shoot him."

Another witness in which Quinton was shown to have threatened the life of Judge Power was related by Joseph Roden, former constable at Niles and whom the judge ordered. Dr. W. H. Emerson of Centerville was called to the stand by the defense. Quinton was said to have told him to go to the jail on Wednesday.

**MAYOR MOTT SNOWBOUND.**  
Mayor Frank K. Mott is snowbound at Sparks, N. D., according to a telegram received by William H. Jordan, secretary to the mayor. This morning the train which the mayor was coming from Chicago to Oakland is already nine hours late and is coming to the dispatch record, there is nothing to indicate when the journey will be resumed.

**SIMPLE REMEDY IS  
FAVORITE HERE**

The simple mixture of buckthorn bark glycerine etc., known as Adler's-I-Ka, the remedy which became famous by curing appendicitis, is a great favorite with Oakland people. Adler's-I-Ka acts on BOTH the lower and upper bowels and drains off such surprising amounts of foul matter from the body that A SINGLE DOSE relieves sour stomach, constipation and gas on the stomach almost IMMEDIATELY. Osgood Bros. druggists, 40 Broadway and Seventh and Washington and Twelfth

To Cure a Cold in One Day  
Take LAXATIVE BROWN OATMEAL Tablets. Druggists and grocers. If fails to cure E. W. GROTE signature is on each box. 25c.

## OAKLAND ORPHEUS CLUB TO BANQUET

Prominent Speakers Will Address Singing Society at Hotel Oakland Tonight.

The Oakland Orpheus club, Oakland's representative male singing society, holds its annual banquet at the Hotel Oakland at 7 o'clock this evening. The yearly feast is popularly known among the members as the "Hofstadter Dinner," but it celebrates the annual recurrence of the rehearsal season and the beginning of work for the spring concert.

This year's gathering marks also the fifteenth anniversary of the death of Samuel Foster, an event which is being widely celebrated. The Orpheus club has all over the country and especially in the West and Middle West. Samuel Foster was the author of a large number of household songs which were especially popular in Civil War times, and among which are "Nellie Was a Lady," "My Old Kentucky Home," "Home Sweet

Ground." In commemoration of Mr. Foster's work, several of his songs will be sung by the Orpheus quartet composed of Messrs. Crandall, McCandlish, Redfield and Carlton, which was active musically in Oakland ten years ago. More modern songs will be featured by the Nite Club quartet, numbering Messrs. MacLewee, Hughes, Walker and Wright, all of whom are members of the Orpheus club also.

Mr. William H. Jordan, secretary to Mayor Frank K. Mott, is to be present and address the club on its important reference to the city of Oakland.

At least 1000 all-around matters, and if professional engagements permit, City Attorney Ben Woolner will also be present. The assembled membership of the Orpheus club, the Oakland Commercial club, this city's bustling organization of business men, will give a reading of the celebrated poem "Robert of Sicily," with piano accompaniment by Mrs. Robert M. Hughes, the club's accompanist. Several of the active members will sing. Mrs. Hughes will play some numbers and the two comedians will intersperse popular songs and stories during the evening.

## WIND STORM UPROOTS BIG TREES AND FENCES

ALAMEDA, Jan. 26.—Trees and fences throughout the city went down before the heavy wind yesterday morning and last night. The big trees on Santa Clara avenue, between Willow and Chestnut streets, toppled over into the yard of the Fabens home and impeded traffic for a time. Other trees that went down were Chestnut street, between Clinton and San Jose avenues, Clinton avenue and Lafayette street.

## FIRE DESTROYS MANILA EXPOSITION BUILDING

MANILA, Jan. 26.—Fire destroyed today two-thirds of the exposition building here. The loss is \$250,000.

## DRIVE AWAY ECZEMA, PIMPLES WITH POSLAM

If you need a remedy to eradicate any eruptions trouble and better your skin's condition, let Poslam help you. With ease it has eradicated thousands of the worst and most baffling cases of Eczema, Acne, Itch, Skin-Scall, etc. Its rapid action amazes from first application, when itching is stopped and inflamed skin soothed and comforted. Improvement may be seen every day. Poslam is the remedy to use for pimples and to clear an inflamed complexion or red nose overnight.

All druggists sell Poslam. For free sample, write Emergency Laboratories, 33 West 14th Street, New York.

Poslam Soap, medicated with Poslam, improves and beautifies the skin and hair.

## MAN MISSING.

H. W. H. Brambaugh, fifty-first and Adelphi street, has disappeared, according to report made to the police today. Brambaugh has not been seen since last Wednesday. He is described as 35 years of age, five feet six inches in height, weighing 230 pounds, gray hair, brown eyes, fair complexion.

## DANGERS OF A COLD.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the colds themselves that you need to fear, but the serious diseases that they so often lead to. For that reason every cold should be gotten rid of with the least possible delay. To accomplish this you will find Chamberlain's Cough Remedy of great help to you. It loosens a cold, relieves the lungs and expels the cold, and enables the system to throw off the cold. For sale by Osgood Bros. Drug Stores.

# Clearance of Player-Pianos and Pianos

Tomorrow (Tuesday) morning, the most sweeping midwinter clearance yet inaugurated will be resumed. A great number of excellent Pianos and Player-Pianos were taken in exchange by us in December. In order to dispose of them quickly we are offering extraordinary inducements. We cordially invite all interested in Player-Pianos or Pianos to come and inspect these instruments. You will not be urged to purchase.

## Terms

Used Player-Pianos will be sold on terms as low as \$8 and \$10 per month. Used Pianos will be sold on terms as low as \$4 and \$5 per month.

In addition to the great number of used Pianos at low prices, we are offering a choice selection of new 1914 samples, Player-Pianos and Pianos of styles not included in the new 1914 catalogue.

William Knabe & Co., Kranich & Bach, J. & C. Fischer, Vose & Sons, Kohler & Chase, Shoninger, Andrew Kohler, Kimball, A. B. Chase, Wheelock, George Steck, Schubert, etc., etc. If your favorite Piano is not in this list, we probably have it—ask for it.

The makes represented in this sale include all grades, from the best to the most inexpensive. Among others, instruments of the following makes will be here tomorrow at tempting prices and terms:

## Rent a Piano

You may rent a good Upright Piano for \$3.50, \$4 and \$5 per month, a year's rent credited on the purchase price if you buy.

A few of the instruments marked down for this clearance sale. To get an idea of the high quality and these VERY LOW PRICES you must SEE them. Many other bargains as good or better.

## The Abuse of the Home Study System.

Mrs. Ella Flagg Young put her finger on a weak spot in our public school system when she said home study is the vice of the system. She did not intend to decry home study or mean that children should not do some studying at home. What she undoubtedly meant was that teaching should not be separated from study, and that making children do all their studying at home is wrong, inasmuch as it deprives them of the instructor's aid at the time it is most needed. She struck at the notion that educating children can be reduced to a formula and made a matter of routine.

The tendency in recent years has been to lighten the labor of teaching at every turn, and place the labor of study on the children and the duty of instructing them on parents. As a prominent teacher said recently, "We do not teach nowadays; we show pupils how to teach themselves." Very fine for the teachers, but not so fine for the children and their parents. It

the task of learning harder and imposes a duty on parents that is onerous and often difficult to perform. It deprives the children of instruction when they are mastering their studies. Parents are required to supervise the lessons of their children in the evening often when domestic duties engross their attention.

School should not be merely a place where lessons are given and recited. It is also a place for learning lessons. Under the system in vogue the teacher gives children lessons to be learned out of school. The child studies at home and recites in school. In a majority of cases the recitations are required to be written out and are given a mere perfunctory attention. Hearing lessons is something to be got through with in short order, a disagreeable routine rushed through hurriedly and in a way that is often discouraging to the pupil. Teaching is a trouble to be avoided as much as possible. It is a duty that is often shamefully shirked and still more often flippantly performed. Of real instruction there is very little.

One reason for all this is that the methods of teaching are prescribed by teachers, who complain of overwork. The teacher reaches school at nine o'clock in the morning and leaves shortly after four in the afternoon—devoting six hours to work and one to lunch. They discourage study during school hours because it adds to their labors. When school is out they are free to do what they please, go where their fancy leads them. The children go home to study without any hand to guide them unless a tired father or mother can spare the time. The task that should be done in the schoolroom is relegated to the home, and the work that should be performed by teachers is left to parents who perhaps are not well qualified to give the instruction required. This method of teaching proceeds from the theory that children are made for the schools, not schools for children, and that teaching consists not in giving instruction but orders for study.

It is absurd for teachers to complain of overwork when children who have spent seven hours at school during the day study from ten to eleven o'clock at night in learning lessons that they must write out or recite in the morning. It is the pupil that is overworked. The teacher's job is light in comparison. Six hours at the teacher's desk five days in the week is not a hard job, compared to that of a mechanic who works at hard labor eight hours a day for six days in the week or a busy housewife who has to cook and care for home and children every day from the time she rises in the morning till she retires to bed at night. Children kept busy studying their lessons are of little help with household duties. Indeed their demands for instruction offset the help they render. So the hardship is passed on from the child to the father and mother.

The system should be revised. Teachers should instruct. They should give their guidance and counsel to children while studying—not study for them, but show them how to study and assimilate what they learn. Making the home a place of study and parents perform the duty of instructing is reversing the order of education. It puts too much on children and parents and makes the task of teaching too easy and perfunctory.

The announcement that the Key Route Company will build a line into Richmond, to connect with its Oakland ferry system, is gratifying. Richmond needs better rapid transit facilities. The proposed Key Route line will give the Richmondites a speedier and more frequent service between their city and San Francisco—likewise a service more convenient than the Santa Fe at present provides. That the new service will be through Oakland will strengthen the community of interest which exists between Oakland and Richmond. THE TRIBUNE would like to see rapid transit extended to every community on the eastern shore.

## Public Interests Opposed to Unmerging.

There is not a single substantial reason why the Central and Southern Pacific railroads should be unmerged. There are many cogent reasons why the roads should remain consolidated and operated as one system.

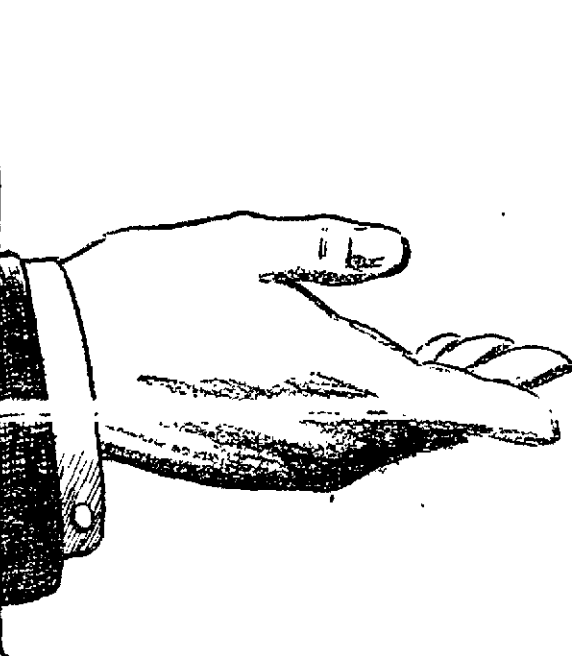

It is to be hoped that the government will not take legal steps to compel a dissolution of the merger because no good purpose will be served by it. It will be a difficult task to disentangle two systems which have grown together in such a manner that it would tear the vitals of both to separate them, and injure their efficiency as transportation agencies. It would inflict great injury on the State's transportation facilities and subject the stockholders of the consolidated system to unnecessary loss. It would benefit nobody, unless rival railroads would derive some benefit from the proceeding. It would increase the cost of operation and decrease the efficiency of the service.

We believe the people of California are opposed to pulling the Southern Pacific to pieces for no substantial reason. The powers vested in the Interstate Commerce Commission and the State Railroad Commission adequately protect the public from excessive rates and other forms of exaction. There is healthy competition in the entire territory that would be affected by unmerging the two roads. The claim that the Ogden and El Paso routes are competitive is baseless. They are hundreds of miles apart, and the rates of interstate carriage are fixed by the Interstate Commerce Commission. Within the borders of California the rates are fixed by the State Railroad Commission. Moreover, there are competing lines to all important points.

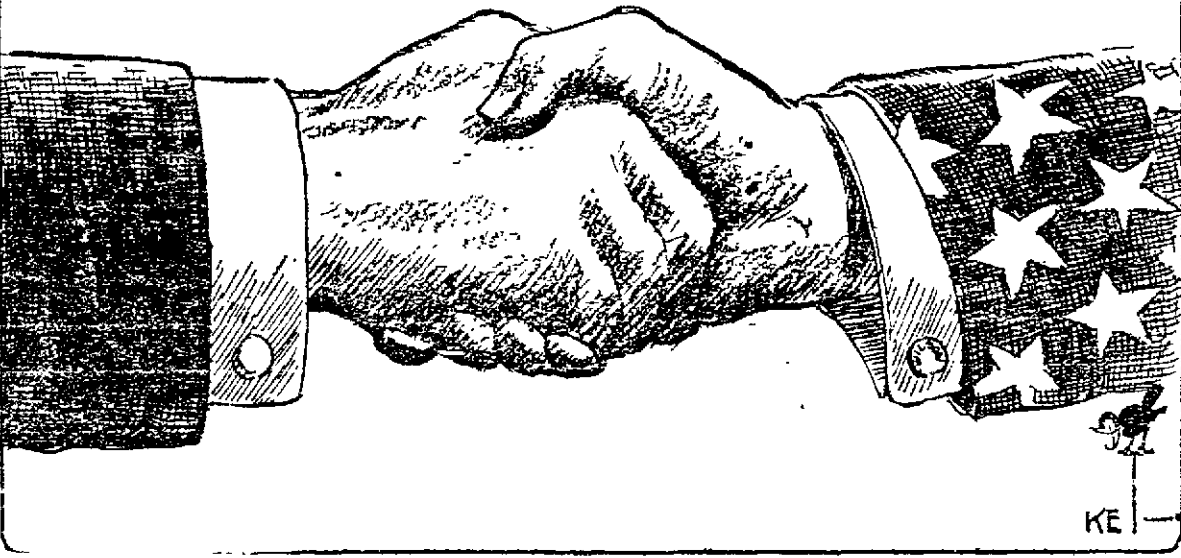

To attack the unity of the Southern Pacific system is to attack efficient service and increase the cost of operation. Also it would inflict financial injury on many innocent persons. And nothing good would result. Hence public policy forbids interference with the existing order. We hope the threatened suit will not be brought and the project to dissolve the merger abandoned.

## The Spanish War Not a Precedent.

Every jingo in the United States cites the war with Spain in 1898 as a precedent for interfering in Mexico. It is never wise to follow a bad precedent, but the Cuban situation in 1898 was not analogous to the Mexican situation of today. Cuba was the victim of external pressure. Spain, a European power, was trying by barbaric expedients to coerce the Cubans into submission. The disturbance was not domestic, but due to the efforts of the Cubans to free themselves from foreign oppression. The war in Mexico is between domestic tyrants. External force is not employed in the conflict. But there would have been no war with Spain but for the blowing up of the Maine. That tragic incident so aroused the American people that the government was forced into a war with Spain despite the better judgment of President McKinley and his advisers. The Philippine problem is a legacy of that war. Neither the Mexican people nor either of the contending factions have done anything to provoke hostility in the United States. The precedent set up by ex-Senator Chandler is no precedent at all, but a trumped up excuse for intruding in the affairs of a neighboring country. Behind every suggestion of interference is a scheme of conquest. Interference would inevitably bring on a war. We should be compelled to subjugate the Mexican people by force of arms. Annexation would be forced by the logic of circumstances, and the spectacle would be presented of a government resting on the consent of the governed ruling the inhabitants of another country by force—foreigners governing a people against their will for the benefit of foreigners.

## 20 YEARS AGO TODAY

Another party was given last night by the Oakland Cotillion Club. It was the second of the series and was in every way more successful than the first. The attendance being larger, yet exclusive. The first set was made up of George Wheaton and Miss Prather, F. W. Stephenson and Miss Mattie Hutchinson, G. W. McNear Jr. and Miss Tucker, James C. McKee and Miss Chabot, A. W. Clement and Miss Wheaton, W. A. Powning and Miss Burling, H. J. Knowles and Miss Knowles, Frank Owen and Miss Goodall, C. P. Hubbard and Miss Ella Wall, Edward M. Greenway and Miss Fillmore, Thomas Magee Jr. and Mrs. Magee, A. S. McDonald and Miss Pierce, A. P. Brayton Jr. and Miss Ralston and E. F. Adams and Miss McKee.

The genial Fritz Crist was given a surprise at the Maison de l'Opera by a number of friends. He was invited to the restaurant and there found H. Selby, R. Friend, C. Bain, H. Nichols, S. Rawlins, G. Broods and A. Kaiser. William Probst of Alameda has been wedded to Miss Nellie Broderick of Oakland by the Rev. Father Sullivan. After the ceremony a wedding supper was served. The bride is the daughter of a resident of Alameda nearly all his life and is now connected with the post-office of that city.

The Woman's Christian Temperance Union reception to the authors, Rose Hartwick Thorpe and E. Carson Thorpe took place at the residence of Mrs. M. D. Gracey and literary friends came from everywhere to welcome the gifted guests, to whom everyone was presented by Miss Ada Van Pelt, vice president of the union, together with Mrs. D. T. Curtis and Mrs. Lucy Williams.

There were 400 invitations to the Ebell reception given in honor of Miss Harriet Hosmer. It was truly a sumptuous affair and the most entirely successful the society has ever given.

## FRUITVALE LADIES OF MACCABEES INSTALLED

FRUITVALE, Jan. 25. — The recently elected officers of the Ladies of the Maccabees of Fruitvale were installed Friday evening at Lincoln Hall, in East Fourteenth street. Julia Roe, district deputy, acted as installing officer; Anna Mahon was lady of ceremonies, and Adel Reimer was captain for the occasion. Following are the new officers: Margaret McEvoy, past commander; Jessie Hamon, commander; Kate F. Brown, lieutenant; commander; Margaret W. Weber, record keeper; Jessie Marple, chaplain; Anna I. Mahon, official promoter; Mrs. Oltman, lady-in-wait; Estel O'Brien, finance auditor; Malaine Brunella, sergeant; Margaret Cochran, sentinel; Edna Bishop, captain; Lie. Turner was elected musician.

## BOY ADVENTURERS END CAREER IN POLICE NET

Edward Booth and Walter Matthieson, 12 years of age, were arrested on charges of adventures by stealing a horse and wagon, looting a furnished but unoccupied house, and driving from Oakland to Centerville, where they attempted to continue their work by trying to steal another wagon. They were arrested and brought back to Oakland by Inspector Holkins and are now at the Detention home awaiting trial before the juvenile court.

## ARRESTED ON CHARGE OF FAILING TO PROVIDE

ALAMEDA, Jan. 25.—William Couran was arrested yesterday in Healdsburg, Sonoma county, on a charge of failing to provide for his minor children. The warrant was issued in this city and served to by Mrs. Mary Couran, his wife. Mrs. Couran now resides near Hayward, but formerly lived near Mastick station in Alameda County, who is a laborer, is being held in lieu of \$1000 bail.

## WESTERN UNION, MARCONI UNITE

Arrangement Effected Between Wireless and W. U. Telegraph Companies.

SAN FRANCISCO, Jan. 25.—Announcement was made in San Francisco last night of a working arrangement having been effected between the Marconi Wireless Company of America and the Western Union Telegraph Company. It is conceded to be the most important deal that has been negotiated in the telegraph, telephone and cable business in the history of the United States.

recently arrived at between the American Telephone and Telegraph Company and the federal government at Washington, whereby the Bell Telephone Company agreed to divorce itself from the Western Union, thereby giving rise to deep self-congratulation on the part of the Postal Telegraph-Cable Company, it is expected to create a sensation.

The big outstanding feature of the new arrangement is the rate fight foredoomed between the Marconi Wireless and Postal Telegraph and Commercial Cable Company on the other. Within the next few months a complete trans-Atlantic and trans-Pacific wireless service will be inaugurated, and by linking up with the Western Union telegraph lines will effect an entirely new telegraph and trans-oceanic service across both the Atlantic and Pacific oceans and the American continent. It will also extend from Alaska to Cape Horn.

The new service will be initiated with a 23 1-3 per cent reduction over the existing cable rates. Every Western Union office will be a Marconi wireless office, and the trans-Pacific wireless service will be operated in connection with the Western Union.

The arrangement still existing between the Western Union and the Bell Telephone Company makes it possible for a patron to telephone his cables to St. Petersburg.

## BIG CROPS OF CITRUS FRUITS ARE REPORTED

ORANGE, Jan. 25. — After three years of disappointments, Pacific coast citrus fruit growers this year have produced a bumper crop according to a statement made today by E. O. McCormick, vice-president of the Southern Pacific Railroad. This year's crop of oranges alone, according to McCormick, will be sufficient to provide at least fifteen oranges for every person in the United States. Estimates at present place the California shipments at 40,000 cars, more than double that of a year ago and more than 100 per cent in excess of the crop of 1910. The life of the industry. The 40,000 cars would average about each and every orange, making approximately a billion and a half of oranges shipped.

For three years there has been a shortage of rain and snow in California, McCormick said. "This year the rains have come early and regular. The mountains are filled with snow and a big crop is assured."

## EBERHARD TO TALK

The Oakland Advertising Association will hold its luncheon and program tomorrow at 12:30 p. m. at the Hotel Oakland. George H. Eberhard, the well-known publicity and merchandising expert, will address the meeting on the work of the Associated Advertising Clubs of America. Eberhard is doing a national work in improving advertising copy and Eberhard has a measure of much interest to all advertising business men. Eberhard Boyd will be in charge of the meeting.

ALEXANDRIA, Va., Jan. 26. — The memory of "Washington the Mason" is to be perpetuated by the erection of a permanent temple here. Plans for the proposed memorial are to be outlined at a meeting here February 22, of the George Washington Masonic Memorial Association at which many grand jurisdictions throughout the country will be represented.

---it is both cents and sense to be a member of the Christmas Savings Club---

The receiving teller tells this story:

"Saturday a young man about 22 years old deposited \$4.60. He chose Class 5A and asked for two cards."

The teller said: "So you are going to be sure of Christmas money, are you?"

The young man replied: "Well, not exactly that, but I expect to be married the last of the year and the two accounts insure a honeymoon trip for two."

He is only one of several hundred that is showing good sense by putting the cents away in a safe place.

Haven't you some plan in mind for December? Let the Christmas Savings Club plan help you save money.

JAPANESE OPPOSITION CONTINUES ATTACKS

WORKS FLAYS THREATEN LIFE PATRONAGE IN MAFIA SYSTEM LETTER

Speaks in Advocacy of Bill Providing for Commission on Appointments.

Would Remove "Odium of Present Pernicious System" of Federal Patronage.

WASHINGTON, Jan. 26.—Federal appointments in the Senate today by Senator Works of California, on his bill to provide for a commission appointed by the President to receive and pass on all applications and recommendations for appointment to federal offices. The measure would forbid members of Congress to recommend appointments or aid in obtaining positions. Senator Works explained that his bill was intended to relieve the President and members of Congress from the burdens of recommending and appointing thousands of officers throughout the country; to bring about the appointment of more competent men and women and to relieve the public service as far as possible from the "odious of the present pernicious system of patronage." The time taken up by the President and members of Congress in considering matters of patronage, he said, was enormous and could be devoted to more important public service.

From figures given to the Senate in compliance with a resolution of December, 1910, the Senator showed the total number of offices and employees of the government at that time, exclusive of the appointments made under civil service and officers of the army and navy to be 145,000. In 1910, the Senator showed the total number of offices and employees of the government at that time, exclusive of the appointments made under civil service and officers of the army and navy to be 145,000.

Lee G. Kay and Bride Guests at Oakland

Lee G. Kay and his bride, whose marriage took place in Portland, Ore., today left for Oakland, where they will remain until their departure for the Orient in the course of a few days. Kay, who received his education in this country, will be a member of the faculty of the University of San Francisco.

Both bride and groom are among the well known people of the coast. The father of the bride is the vice-consul at a district that comprises Alaska and the State of Washington and the wedding at Portland was attended by Chinese officials along the coast.

The bride is the daughter of the late Mrs. Kay, who was one of the most prominent women ever seen in the northern city. Much of it was imported and its cost is estimated at \$100,000.

Condition of Former Senator Dangerous

WASHINGTON, Jan. 27.—Former Senator Shuman passed a restless night and his physicians said today that his condition was unsatisfactory.

STABBER AND KICKER BOTH LAND IN HOSPITAL

SAN FRANCISCO, Jan. 26.—Patrolmen Bickel and Pearson at 2:30 this morning saw John Casey, a teamster, kicking Joseph Andreola, a miner, who lay prostrate on the pavement on the Barbary Coast. As they rushed up they found that Casey was bleeding from a gash in the right shoulder. Gathering in both men, they took them to the Harbor hospital for treatment. Casey declared that Andreola had cut him with a knife and that he had then proceeded to beat the miner. The latter was charged with assault with a deadly weapon, and Casey was booked on a charge of attempt to do great bodily harm.

Oakland Public Schools to Teach Walking 'Posture' to Correct the Inroads of 'Fads'

BLIND MAN AND BOY FALL INTO CREEK Both Narrowly Escape Drowning Before Rescue

The tempestuous downpour made a rushing river of Temescal creek, in North Oakland, and two people, a blind man and a boy, were rescued yesterday with great difficulty. The first was Daniel Rafferty, a blind man of the California Home for the Adult Blind at Third and Sixth streets, and the second was a 12-year-old boy, John Fasso, who was seen floating down the stream and rescued by John Gately, 847 Forty-seventh street.

Rafferty was returning to the blind home when he walked into the creek. The blind man was on Grove and Forty-seventh streets when he came to the edge of the stream. Thinking there must be some bridge, he was using his way along with his cane when he stumbled and fell into the rushing stream.

The boy, John Fasso, 11-year-old son of Felix Fasso, 473 West street, was seen floating down the stream at Forty-seventh street and Temescal creek by John Gately. Gately tried to drag the boy ashore, but lost his footing and was carried down stream over 100 feet before he succeeded in bringing the boy to shore. On being rescued the boy declared that he had been knocked into the water by Leonard Kotter, a 12-year-old boy, of 515 Fifth street. Kotter, who was seen floating down the stream, was rescued by John Gately. Kotter home but the boy denied having pushed his companion into the water, stating that while watching Lincoln Beachey (living, young Fasso) had lost his balance and fallen into the water. Kotter Sr. administered punishment to his son.

GOVERNOR ASKS SUIT TO DISINCORPORATE TOWN

SALT LAKE, Jan. 26.—Governor West has instructed Attorney General Copeland, the Baker county village which has been kept under martial law for the past three weeks, following the closing of the saloons there by state forces.

"It being established to the satisfaction of this office," says the governor in his letter to Attorney General Copeland, "that until taken from them by the military authorities of the state, the government of the town of Copperfield, Ore., was in the hands of a lawless element, which was using the charter as a shield for vice and as a protection against criminal prosecution. I hereby request that your office kindly take the steps provided by law in order that the act of incorporation may be voided."

PAID \$5 FOR DRINK HE DECLARES HE DIDN'T GET

SAN FRANCISCO, Jan. 26.—Nels Christie of 2532 Adeline street, Oakland, had a hard luck story to tell when he approached Patrolmen Norman and Scollin at the ferry building early today. He declared that he had placed \$5 on the bar in Taddy Lowry's saloon, 143 Embarcadero, and that before he could get his drink a fight arose and he was pitched into the street minus his cash and his \$5.

CONTRA COSTA BALL LEAGUE IS FORMED

Six Clubs Will Constitute New County Organization

ANTIOCH, Jan. 26.—At a meeting of representatives of the baseball clubs of Antioch, Concord, Crockett, Martinez and a combination team composed of Brentwood and Byron, the Contra Costa Baseball League was organized yesterday.

The league will consist of six clubs. It is expected that Pittsburg will join the league or that a traveling team from Oakland or San Francisco will be secured. The league representatives will meet again at Crockett February 10 when officers will be elected, the report of the by-laws committee adopted and a forfeit of \$250 placed in the league during the entire season of 1914. Each club will be allowed three outfielders, but no player holding a contract with organized baseball will be allowed to play.

SMOKE STILL FOILS ATTEMPTS AT RESCUE

BINGHAM, Utah, Jan. 26.—Although bulldozers erected in the Boston mine of the Utah Copper Company shut off part of the workings from smoke and gas yesterday, searching parties up to a late hour had failed to find traces of the two Australian miners who were trapped by the fire last Wednesday.

In the tunnels where the fumes had thinned crews pursued the search with forts to get water on the burning timbers in the upper part of the shaft, where the fire had been kindled. It is believed that several days will elapse before the smoke clears sufficiently for a thorough search to be made.

ONLY 4 LEFT FOR HEARING IN FUEL CASE

Death of John L. Howard and Dismissal of Three Indictments Responsible.

Defense Claims but Two Cargoes Loaded at Nanaimo Came Here.

SAN FRANCISCO, Jan. 26.—The attorneys for the defense began the presentation of their case in the Western Fuel Company trial today. There remained only half of the defendants as were on hand when the hearing opened six weeks ago. The death of President John L. Howard removed one and on Saturday Federal Judge Maurice Pooling dismissed the indictment against J. L. Schnitz, treasurer, and Robert Bruce and Sidney V. Smith, directors. The court agreed with counsel for the accused that the government had failed to prove the three officials in any way connected with the alleged conspiracy to defraud Uncle Sam on coal weights.

Today when the case was called there were only four defendants, James B. Smith, vice-president, F. C. Mills, superintendent, E. H. Mayer, assistant superintendent, and Edward J. Smith, weigher.

The theory of the defense in connection with alleged illegal weighing was indicated early in the day. It was contended that many of the cargoes of coal were not weighed and only an estimated weight placed upon the bills of lading when shipments were made from the British Columbia mines. It is contended that coal breaks in weighing it and that while the government has tons of cargoes loaded and weighed at the Nanaimo mines the defendants' attorneys claim that only two shipments came entire from there, the majority having been dispatched unweighed from the Northern mines, the vessels being nearly filled up at Nanaimo.

LORD STRATHCONA BURIED AT LONDON

Royal Family Is Represented at Services in Abbey

LONDON, Jan. 26.—The body of the late Lord Strathcona and Mount Royal, high commissioner for Canada, was buried today with simple ceremonies in High Gate cemetery, North London. His body lay beside that of his wife, who died a few months ago.

Service was held in Westminster Abbey and was attended by a large gathering of state officials and prominent persons.

From the residence in Grosvenor Square to the abbey the streets were lined with crowds of people, who reverently uncovered as the procession passed.

The pallbearers were the Duke of Argyll, the Earl of Aberdeen and the Marquis of Lansdowne, all former governors general of Canada. Sir William Osler, physician, the Earl of Leitchfield, Sir Thomas Van Sturt, Rover, lord mayor of London; the Right Hon. Lewis Harcourt, secretary for colonies; Sir Thomas Skinner and Professor George Adams Smith, vice-chancellor of Aberdeen University, of which Lord Strathcona was chancellor up to the time of his death.

King George and Queen Mary, Queen Mother Alexandra and several other members of the royal family were represented at the services in the abbey. Most of the members of the cabinet and the foreign ambassadors, including Walter Hines Phipps, American ambassador, attended personally.

ARMY OFFICERS SERVE 4 YEARS IN HAWAIIANS

WASHINGTON, Jan. 26.—The war department has decided that length of term of duty of army officers, line and staff, in Hawaii hereafter shall be four years instead of three as has been the custom. The term of duty in the Philippines and the Panama canal zone will remain at three years. In previous years when the sanitary conditions in the Philippines were not so good as at present, the term of duty for staff officers was two and one-half years and for line officers two years and later this was extended to three years for both classes of officers.

The increase of duty by one year for officers in Hawaii is based on the fact that the climatic conditions there justify the same length of service as in the United States.

SAYS MAKINO HIT JAPAN'S DIGNITY

Chimada Charges Minister With First Submitting Speech.

Navy Contract Scandal Discussion Continued in House.

TOKYO, Japan, Jan. 26.—The attack upon the Japanese government by members of the opposition in connection with the California land ownership legislation and the recently disclosed Japanese naval contract scandals, were continued today during the discussion of the budget in the House of Representatives. Saburo Shimada, an opposition leader, said the Japanese government had shown Foreign Secretary Baron Nomura Malines speech to the American government before its delivery to the Japanese Parliament. He said this information had come from special correspondents in the United States, and if such were the case it was injurious to Japan's national dignity.

Baron Makino, in reply, denied having submitted his speech to Washington. He added that Japan was making her best efforts to reach a solution of the California question.

Referring to the naval scandal, in which the name of Vice-Admiral Kokiichi Fujii, former Japanese naval attaché in Berlin had been mentioned as having been offered commissions on contracts obtained by a German electrical concern, Baron Makino said he had requested a report from the Japanese Ambassador to Germany.

The press expresses the opinion that the honor of the Japanese navy necessitates a thorough investigation of the allegations.

Dies in Bathtub; Victim of Accident

SAN FRANCISCO, Jan. 26.—The victim of an unfortunate accident, Miss Ella M. Hazard, companion of Miss M. L. Macondray, the aunt of Arthur Macondray, the millionaire fire insurance broker of this city, was drowned at a late hour last night. Her body was found in a bathtub full of water at a maid at the Hotel Torke, 1409 California street, after the maid had been forced shortly before noon today.

Miss Hazard, who was 45 years old, had been Miss Macondray's companion for years. Last night she went to take a bath and is supposed to have become entangled in the over heated bathroom. In falling she plunged into the tub full of water. When found this morning she was clad in her nightgown and the manner of her death was clearly evident. She had succumbed to asphyxiation by water, her head having been completely submerged.

Miss Macondray was overcome when informed of the death of her companion.

ROUMANIA AND SERBIA IN PACT

PARIS, Jan. 26.—A coalition between Rumania and Servia, to break up the Austro-Hungarian empire, in the event of its intervention in favor of Bulgaria during the recent Balkan war, was made by a secret treaty signed June 10, 1913, according to La Petite Republique today.

The newspaper says the arrangement was known to both Germany and Russia and they were to have shared in the spoils. The substance of the alleged treaty is printed, claiming that Germany was to be rewarded with Bohemia and the whole of German-speaking Austria, Russia was to obtain Galicia. Servia was to take Bosnia, Herzegovina and Dalmatia, while Rumania was to receive Transylvania and all of Hungary east of the River Tisza, thus doubling the size of her territory.

COALITION TO BREAK UP AUSTRO-HUNGARIAN EMPIRE

PARIS, Jan. 26.—A coalition between Rumania and Servia, to break up the Austro-Hungarian empire, in the event of its intervention in favor of Bulgaria during the recent Balkan war, was made by a secret treaty signed June 10, 1913, according to La Petite Republique today.

The newspaper says the arrangement was known to both Germany and Russia and they were to have shared in the spoils. The substance of the alleged treaty is printed, claiming that Germany was to be rewarded with Bohemia and the whole of German-speaking Austria, Russia was to obtain Galicia. Servia was to take Bosnia, Herzegovina and Dalmatia, while Rumania was to receive Transylvania and all of Hungary east of the River Tisza, thus doubling the size of her territory.

ARMY OFFICERS SERVE 4 YEARS IN HAWAIIANS

WASHINGTON, Jan. 26.—The war department has decided that length of term of duty of army officers, line and staff, in Hawaii hereafter shall be four years instead of three as has been the custom.
